HEAD STUFFED FROM CATARRH OR COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Adv.

Accept the disagreeable part of it as cheerfully as the agreeable.

Some people get so far on their nerve sometimes they can't get back.

No Curlers Needed.
Betty's hair was naturally curly, but the new neighbor wasn't sure. "Does your mother put your hair up in curlers, Betty?" she asked. "Oh, no," Betty answered. "Mine came already curled."

The Way to Worry.
"Wife, I'm worried over that \$40 grocery bill."

"What a piker you are. If you want to worry, let me get credit for a \$1,000 fur coat."—Louisville Courier-Journal.

Grove's Tasteless Chilli Tonic
Restores vitality and energy by purifying and enriching the blood. You can soon feel the strength giving, invigorating effect. Price 60c.

A Boy Never Loses It.
"My pa's more careless than I am." "That so, Willie? Why?" "He's lost something I'll never lose." "What has he lost?" "His appetite."

As we grow more sensible, we refuse drug cathartics and take instead Nature's herb cure, Garfield Tea. Adv.

Tobacco growing has been developed to a large extent in Denmark during the war.

Grow Wheat in Western Canada

One Crop Often Pays for the Land

Western Canada offers the greatest advantages to home seekers. Large profits are assured. You can buy on easy payment terms.

Fertile Land at \$15 to \$30 per Acre—
land similar to that which through many years has averaged from 20 to 45 bushels of wheat to the acre. Hundreds of cases are on record where in Western Canada a single crop has paid the cost of land and production. The Governments of the Dominion and Provinces of Manitoba, Saskatchewan and Alberta want the farmer to prosper, and extend every possible encouragement and help to Grain Growing and Stock Raising.

Though Western Canada offers land at such low figures, the high prices of grain, cattle, sheep and hogs will remain.

Loans for the purchase of stock may be had at low interest; there are good shipping facilities; best of markets; free schools; churches; splendid climate; low taxation (none on improvements).

For particulars as to location of lands for sale, maps, illustrated literature, railroad railway rates, etc., apply to Dept. of Immigration, Ottawa, Can., or F. H. HEWITT, 2012 Main Street, Kansas City, Mo. C. J. BROUGHTON, Room 412, 112 W. Adams Street, Chicago, Ill.

NAVAL SCHOOL FOR ST. LOUIS

ESTABLISHMENT IS PROPOSED BY BILL IN HOUSE BY WAGNER.

BORROW VESSELS TO BEGIN

Would Furnish Nation With Seamen In Time of Need—Pupils From Other States Must Pay Tuition.

Jefferson City. The establishment of a merchant marine at St. Louis for the instruction and training of pupils in navigation, seamanship and engineering is proposed in a bill which was introduced in the House by Representative Wagner.

The measure provides that the Naval School shall be in one or more vessels loaned to the State by the Navy Department, or some other benefactor. The management of the school will be vested in a Board of Managers composed of the State Superintendent of Public Schools and nine members to be appointed by the Governor.

Incidentally, the bill is the first one introduced in the House creating a board which does not call for a big appropriation from the State or attractive salaries for job-seekers. Wagner's bill proposes that members of the board serve without compensation.

The following sections of the bill outline the plans of the school:

"Section 3. The purpose of the school is to promote an efficient merchant marine by instructing and training pupils on the theory and practice of navigation and seamanship, including sufficient instruction in steam and electrical engineering.

"Section 4. The school shall be open to residents of the State possessing such qualities in respect of age, moral character, elementary education and physical fitness as may be prescribed by the board. Pupils from this State shall be maintained on the schoolship and instructed without cost to them excepting an entrance charge of \$50 on account of uniform, equipment and the like.

"Pupils from another State or from any district, territory or possession of the United States, may, in the discretion of the board, be admitted to the school upon such terms and conditions as the board may see fit to prescribe; provided, however, that the State, district, territory or possession shall pay or guarantee payment of such fee for each pupil, over and above an entrance fee of \$50 which the board shall fix."

Dual Fish and Game License.

The Senate received a wagon load of petitions of various kinds, the bulk being for the enactment of the combination hunting and fishing license law, and for the Fire Marshal and standard form for fire insurance policies.

Bowker's bill for county memorials to the Missouri soldiers, sailors and marines in the war with Germany was engrossed without change. It provides for a State donation of from \$250 to \$1,000 to each county to help the county supplying a similar amount of erecting a suitable tablet or memorial to the men from each county.

Bowker's bill carrying an appropriation of \$25,000 for medals for Missouri soldiers, sailors and marines was also sent to engrossment.

Senator Casey's measure requiring attending physicians to file death certificates with the registrar or proper county official within 24 hours after death was engrossed.

Among the new bills introduced in the Senate were two by McClintie seeking to reformat the misbranding of drugs and food in the State to the Federal laws on the same subject. A bill by McGruder seeks to prevent the misbranding of drugs and food and another by Buford regulates the traffic in eggs, placing administration of the act in the Food and Drug Commissioner's department.

The Senate Committee on Game and Fish reported favorably on the Mayes bill, making it lawful for any person to sell the game which he may have lawfully killed.

Full School Levy.

A measure to compel all country school districts to vote the maximum levy of 65 cents on the \$100 valuation before they can obtain aid from the State school fund, was introduced in the House by Maxey and Ely.

Some of the wealthier rural districts now vote only 15 or 20 cents on the \$100 valuation, but get the same support from the State fund as the poorer districts, it is said.

The Increase of country school

Junk Bill Meets Favor.

The bill imposing regulations on junk dealers was reported favorably to the Senate by the Committee on Criminal Jurisprudence. The measure was introduced by Senator Anderson of St. Louis.

Fire Marshal Bill Introduced.

The measure making the State Insurance Superintendent ex-officio fire marshal and increasing his salary from \$2,000 to \$6,000, was introduced in the House by Taylor of Jackson and Bailey of Jasper.

teachers to \$75 a month for those holding first grade certificates, \$65 for second grade certificates, and \$50 for third grade certificates is provided in the measure.

The bill provides that all country schools will be required to equip the buildings with sanitary toilets, pure drinking water and a modern heating plant, and that the grounds shall be ample and sanitary. Maxey said the heating plant contemplated is not an expensive steam heating system that is installed in city school buildings. He said it was only proposed that the buildings should be properly heated.

No Daylight Saving for Legislature.

The house adopted a resolution asking congress to repeal the daylight saving law, as it does not work to the advantage of the farmer.

A favorable report on the dry bill introduced jointly by Stark of Cass and Young of Caldwell, was submitted by the committee on criminal jurisprudence. The measure is designed to aid in the enforcement of the federal law and contains the most rigorous search-and-seizure feature.

The senate resolution asking congress to amend the rivers and harbors bill to give \$1,000,000 a year toward the improvement of the Missouri river between Kansas City and its mouth, was unanimously adopted by the senate.

A constitutional amendment proposition by Casey of Kansas City would permit that city to amend its present or adopt a new charter. It was engrossed by the senate.

Will Cut Money Measures.

The Republicans of the house are threatening to tie up important pending legislation because the Democrats of the senate sliced off \$40,000 from the appropriation bill for assessing and collecting the revenue.

The bill as passed by the house provides for an appropriation of \$500,000, which is \$100,000 in excess of the appropriation of two years ago for the same purpose. The state commission in its budget recommended \$450,000. This amount was increased \$150,000 by the senate committee in amending the house bill.

The bill also provides the necessary traveling expenses of the state auditor and his representatives in visiting the various counties to examine accounts against the state, payable out of the appropriation.

This feature of the bill has been eliminated in the senate amendment. Duncan, chairman of the committee, said he thought this could be taken care of in the general appropriation for the office of state auditor.

Chairman Viles of the house committee declared the house would refuse to concur in the amendment striking out the following clause of the bill:

"And the necessary traveling expenses of the state auditor or his representative in visiting the various counties to examine into matters affecting the accounts of revenue collectors and verifying accounts against the state payable out of this appropriation."

Viles said he had requested the senate committee to reconsider its action. He said that if they did not some innocent departments would suffer.

Some politicians are attempting to charge that Casey of Kansas City is responsible for striking out that part of the measure affecting the auditor's examiners.

Duncan, said, however, that Casey had made no request to strike out that part of the bill.

New Compensation Bill.

The house committee on workmen's compensation may report a substitute bill for the bills introduced for the employers and labor and which have received five public hearings.

The consensus of opinion in the legislature is that a measure carrying monopolistic state insurance cannot pass the senate, and this feature may be entirely eliminated, or converted into competitive state insurance.

The hearings on the bill disclosed the state insurance feature to be the bone of contention. In fact, at four of the five hearings all the arguments turned upon this point.

Former officials of the Kentucky and Indiana compensation commissions vigorously assailed the state insurance feature, taking the position that politics and insolvency stand as a constant menace to that system.

On the other hand Chairman T. L. Duffy of the Ohio commission, where state insurance is in vogue, declared that 99 per cent of the workmen of Ohio want insurance by the state, and that it has worked out satisfactorily to both the employers and the employees.

He said the cost of operation was 3 1/2 per cent of the earned premiums.

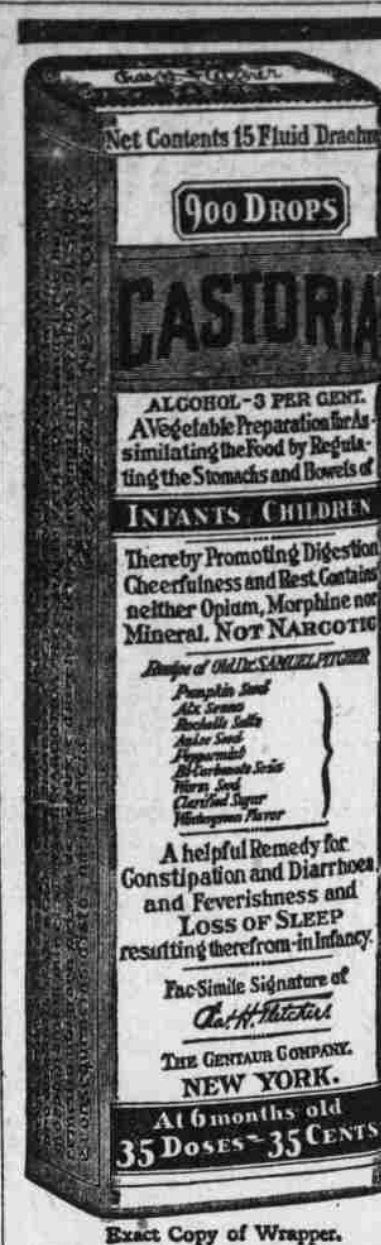

Eight Hours for Women.

The eight-hour bill for working women in Missouri was reported favorably by the House Labor Committee. William Turbett, chairman of the committee, said the members voted unanimously in favor of the measure.

Ask Guards Return.

A joint resolution introduced by Senator Glick of Holt, asking President Wilson to secure such regulations from the War Department as will enable all the old officers of the Missouri and Kansas National Guardsmen belonging to the 25th Division to return home from France when the guardsmen are discharged, was adopted.

The object appears to be to gather up all the old officers once connected with this division.

HORSE SALE DISTEMPER
You know that when you sell or buy through the sales you have about one chance in fifty to escape **STABLE DISTEMPER**. "SPOHN'S" is your true protection, your only safeguard, for as sure as you treat all your horses with it, you will soon be rid of the disease. It acts as a sure preventive, no matter how they are "exposed." At all good druggists, horse goods houses, or delivered by the manufacturers.
SPOHN MEDICAL CO., Chemists, Goshen, Ind., U. S. A.

London's 22,000 policemen guard more than 4,000 miles of streets and at least 1,250,000 houses and shops.

The man who really wants to be something worth while in this world has plenty of opportunity.

Dogmatism is pupism that has obtained its growth.

The fellow who refuses to try to help himself soon discovers that outside assistance is hard to get.

Keep your secret from your friends and your enemies will never get near to it.

Charity begins at home, but reform usually makes its debut elsewhere.

"Bayer Tablets of Aspirin"

"Bayer Cross" on Tablets.

True Aspirin! The "genuine."

SUCCESSOR TO QUININE

"Proved safe by millions."

Buy "Bayer" packages.

For Colds, Grippe, Influenzal Colds

No Discomfort! No Head-buzzing! No Distress!

Millions of people take "Bayer Tablets of Aspirin" as the best means to prevent as well as to overcome Colds, Grippe and Influenzal Colds—being far more efficient than quinine. Besides relief comes without discomfort or distress.

"The Master of Colds"—Dependable!

Adults—Take one or two "Bayer Tablets of Aspirin" with water. If necessary, repeat dose three times a day, after meals.

"Bayer Tablets of Aspirin"

Buy only the original "Bayer packages." Look for the safety "Bayer Cross" always. 20 cent package—also larger packages.

Acid-Stomach Ruins Health of Millions

Besides those painful attacks of indigestion; that awful bloated, lumpy feeling after eating and downright stomach misery that you who have experienced it know so well; besides disgusting belching, food-repeating, sour stomach and distressing heartburn—besides all this, **ACID-STOMACH** undermines the health and saps the strength of millions.

If you don't get rid of those stomach miseries there is no telling where your stomach troubles will end, for it is a well known scientific fact that many serious ailments have their start in an acid-stomach.

Start now—this very day—to get rid of your stomach miseries. Take **EATONIC**—the wonderful remedy that absorbs the excess acid from the stomach and brings **INSTANT** relief. You simply have no idea how much better, stronger and brighter you feel at once. It drives out all the gas and bloot, puts an immediate stop to belching and heartburn,

ends stomach suffering and makes it cool, sweet, comfortable and strong. There can be no further excuse for you to allow acid-stomach to wreck your health—pile up misery upon misery until you get to the point where you feel down and out and that life has lost all its joys. Remember, just an acid-mouth ruins teeth, so acid-stomach ruins health.

Take **EATONIC**. It's good, just like a bit of candy and makes the stomach feel fine. You can then eat the things you like and, what is more, every mouthful you eat will count in creating power and energy. You'll feel so much better—have punch and pep—the power and will to do things and get results, and your stomach misery will be gone.

Take our advice. Get a big box of **EATONIC** from your druggist today. It costs so little. If it fails to remove your stomach distress, he will refund your money. That is guaranteed; you are to be satisfied or money refunded.

EATONIC
FOR YOUR ACID-STOMACH
